

**REMARKS**

Claims 1-8 and 10-17 are pending in this application and are allowed. By this Amendment, claims 1 and 2 are amended to correct minor informalities therein. No new matter is added.

Applicants respectfully submit that the amendment to claims 1 and 2 should be entered under the provisions of 37 C.F.R. §1.312 and MPEP § 714.16 because they merely embody the correction of formal matters without changing the scope of the claims. Specifically, the corrections make it clear that the claimed setting circuit is a component of the overall electro-optical apparatus rather than of the current generating circuit. Further, the lack of antecedent basis for "the data line corresponding to the primary colors" is corrected. Entry of the amendments is respectfully requested.

The Examiner is invited to contact the undersigned at the telephone number set forth below regarding any matter concerning this application.

Respectfully submitted,
